

Gadgets Policy

Disclaimer: The company reserves the right to alter or withdraw the policy at any point of time.

All employees are expected to take care of all equipment and supplies provided to them. You are responsible for maintaining them in proper working condition and for promptly reporting any unsafe or improper functioning of these to your supervisor.

Neglect, theft, and/ or destruction of the company's materials are grounds for disciplinary action, up to and including termination.

Gadget Policy and its Purpose

This policy defines the eligibility that will guide the provision of the Equipment to the employees for official use. 'Equipment' here includes Desktops, Laptops, Headphones, Printers, Data card, USBs, etc., provided to the Employees, for official use.

1. Laptop

Employees may receive a laptop based on the following factors

- Requirement of the role
- Business needs

The laptop will be issued to employees to help them perform their role effectively. This policy is solely based on management discretion.

Requesting a Laptop

Employee needs to raise the request on HRMS for the issuing of the laptop which needs to be approved by the reporting manager and IT team.

Issuance of Laptop

Laptop provision to the Employees by the Company is need based, and is subject to approval from Management. Employees are all individually responsible for usage and upkeep of office laptops. An official laptop must be used only for the purpose for which it has been issued. Only authorized software should be downloaded on the laptops. Unauthorized usage would be a serious concern.

Stolen Laptops

Laptops assigned to employees should be always kept in a safe and secured place. In case the company laptop assigned to an individual is stolen, the following procedure should be followed:

- Lodge an FIR (First Information Report) at the nearest Police Station
- Provide a copy of the FIR to the human resource department

- Human Resource Department will take the necessary actions

Repair of Laptops

In case of a technical fault in the laptop, the entire repair charges will be borne by the Company. If the laptop is impaired due to negligence on part of the user, the repair charges will have to be reimbursed by the employee. The amount may be waived off on the Management discretion on justifiable grounds.

Personal Laptop Usage

The Employees should only use the Laptops provided by the company for all official purposes. Under any circumstances, the usage of personal Laptops for official purposes or bringing personal Laptops to work areas will not be permitted.

Returning the Laptop

Owner shall return the Laptop to the company in the following situations:

- a) Leaving the company
- b) Requested to return the Laptop without assigning any reason by the Management
- c) Going on leaves of more than 3 days

Installation of unauthorized Software/Accessories

The owner shall not install any unauthorized accessories/software like licensed software, messengers, chatting software or any malicious software etc, which may cause problems to the functioning of the Laptop and strictly adhere to Company's software use age policy.

If there is damage on account of this the owner will be liable to pay the damages at cost to the Company/will be deducted from his monthly salary.

Random check of the laptop can be done at any point of time to check for unauthorized software installation.

Any owner violating this would be penalized as per the company policy

Keeping the Laptop Secure

The owner of a company-owned laptop must have it checked by the System Administrator every three months (January, April, June and December) so that the latest patches, security holes, upgrade and other software remain current.

Mobile Phone/ Sim Card Policy

Devstringx will, at its discretion, provide employees with mobile phones ("Mobile Devices") and telecom carrier ("SIM Card") services, at its expense, for the primary purpose of conducting company business.

All Mobile Devices/ sim cards that are paid for by Devstringx are the property of Devstringx and the employee is responsible for ensuring the appropriate usage of the Mobile Device/ sim card, as well as the security and safekeeping of the device as outlined in this policy.

Stolen Mobile Device

Devices assigned to employees should be always kept in a safe and secured place. In case the company device assigned to an individual is stolen, the following procedure should be followed:

- Lodge an FIR (First Information Report) at the nearest Police Station
- Provide a copy of the FIR to the human resource department
- Human Resource Department will take the necessary actions

Repair of Mobile Device

In case of a technical fault in the device, the entire repair charges will be borne by the Company. If the device is impaired due to negligence on part of the user, the repair charges will have to be reimbursed by the employee. The amount may be waived off on the Management discretion on justifiable grounds.

Objective

- Communication between employees and clients for business purposes
- Limiting corporate liability
- Setting procedures for monitoring and controlling costs
- Mobile facility is granted for the sole purpose of supporting business activities necessary to carry out job functions. Employees must follow the corporate principles regarding mobile usage and exercise good judgment while using the facility.
- The Company recognizes that users may, on occasion, have to make personal calls or send personal text messages during working hours, or outside normal working hours. Where it is deemed that an unreasonable amount of personal calls/ text messages have been made using the official mobile phone, the Company reserves the right to deduct those costs, either through deduction from salary, or otherwise.
- The Company may, after formal investigation, take action under the Disciplinary Procedure if such use is excessive or unauthorized. Users will be expected to make payment for private calls made beyond reasonable usage.

If it is found, following investigation, that there has been excessive personal data use, then the user will be asked to reimburse the company for the cost of this and action may be taken under the Disciplinary Procedure.

Important Rules

- The facilities such as CUG, Local calls, STD calls, roaming and data services package will be assigned based on the job role and requirement.

- Safe handling of mobile issued to an employee is the responsibility of the individual and the Company is not responsible for the loss of mobile handset even if it occurs in the office premises and the entire amount of mobile handset shall be recovered from the concerned employee.
- No employee is to use company-owned devices for the purpose of illegal transactions, harassment, or obscene behavior, in accordance with other existing employee policies.
- Employees are prohibited from using a company-issued Mobile Device while operating a motor vehicle unless utilizing a hands-free device.
- Mobile Devices must not be loaned to, or used by any third party.
- The employee agrees that upon separation of employment, if they do not return the allocated mobile phone/ sim card, or if the mobile phone is returned in an unsatisfactory condition, the cost of replacement, or a proportional amount of cost as decided by the Company, will be deducted from any final amount owing, or the user will otherwise reimburse the Company.
